### About the Book

Now part of the ICE manuals series, *ICE Manual of Construction Law* is the essential legal reference for all construction professionals.

Written for non-lawyers by experts from the largest specialist construction law firms and leaders from within the construction industry, *ICE Manual of Construction Law* considers the practical and commercial implications of case law and legislation and delivers practical guidance and a breadth of knowledge that is unrivalled by any other publication. Covering current UK and European legislation, the most important construction law issues are addressed as they may arise on a project - from planning, financing and procurement, through operational issues and general law, such as insurance, employment, contracts, health and safety, environmental issues, to construction disputes and dispute resolution.
