

Research on Accounting Ethics

Research on Accounting Ethics

Bill N. Schwartz

About the Book

Hardbound. Research on Accounting Ethics is devoted exclusively to the advancement of ethics research and education in the profession and practice of accounting. Its threefold mission is to: advance innovative and applied ethics research in all accounting related disciplines on a global basis; improve ethics education in and throughout the professional accounting and management curricula at the undergraduate and graduate levels; provide a source of information for the professional accounting and auditing community for integrating ethics and good business practices in public firms, business corporations, and governmental organizations. This series features articles on a broad range of important and timely topics, including professionalism, social responsibility, individual morality, accountability, good business practices in public accounting and the litigation crisis. Papers will be empirical or theoretical in nature, and will draw upon paradigm
