

Learning Potential Assessment and Cognitive Training

Actual Research and Perspectives in Theory Building and Methodology

Advances in Cognition and Educational Practice

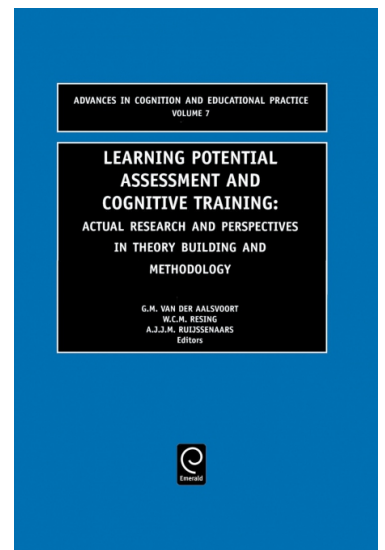

G.M. van der Aalsvoort

W. Resing

A.J.J.M. Ruijsenaars

About the Book

This text discusses research on learning potential assessment and cognitive training. Moreover, several contributions discuss the relationship between individual learning and social interaction during learning potential assessment. It has five themes, covering research on learning potential assessment and cognitive training. These themes are: theoretical base of LPA, reciprocity in LPA, LPA and cognitive training, cross cultural perspectives, LPA related research and cognitive education.
