

Household Strategies

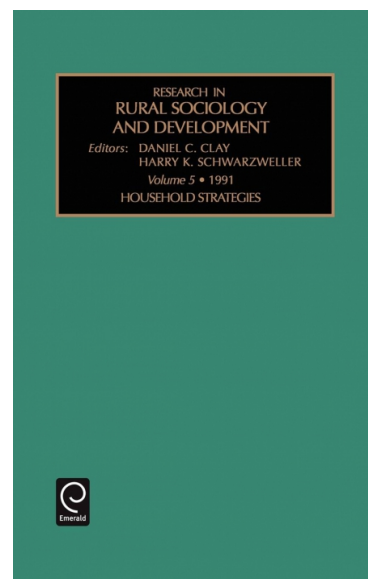

Research in Rural Sociology and Development

Harry K. Schwarzweller

Daniel C. Clay

About the Book

With an annual output, Research in Rural Sociology and Development, publishes scholarly content at the cutting edge of rural sociology. Addressing issues such as rural development and growth, globalization, labour relations, agrarian dynamics, and social and personal implications of rural and agricultural change, this series provides in-depth and up to date research on the local and global systems affecting rural dynamics.
